

AS GOES ARKANSAS CALL

FEBRUARY 20, 2019

HOSTED BY: Clay Nash

GUESTS: Chad Duvall, Gwen Osborne, Duane Miller

Clay: Its eight o'clock and everything is ready to go and if you are listening out there in Arkansas, this is the third Tuesday, As Goes Arkansas call, and we are very excited to have Gwen Osborne from the Texarkana area on with us tonight. Gwen has been hosting some of them, so you have probably heard her on her before. And we are very blessed to have Pastor Chad Duvall from Bell's Chapel Assembly up in Atkins, Arkansas, where I had the honor of experiencing some of the move of the Spirit and the experiencing of God's glory back in late September of last year. And everything is still building there. So, we are going to be talking tonight, about many things that are going on in Arkansas and how God is pouring out. But I will make this announcement a few times, and so I just want everyone listening in to mark your calendar for May the 31st, and June the 1st, because we are going to host the first Arkansas Prophetic Summit. We are going to hold it at the 4-H Center, which is out in West Little Rock, on May the 31st, June the 1st, and I am very excited that we are going to have come into this first one Jane Hammond, a very strong prophetic voice out of Florida. One of the reasons is because she was raised in Arkansas. And we are also going to have Ann Tate, of Glory of Zion. So, mark that on your calendars, we are working on graphics right now. And also, coming up in March, March 26th, in Cabot Arkansas, at the Bridge Church, Pastor Steve McKuen, we are going to be hosting there an

organizational meeting at 11 AM, March 26th, Cabot Arkansas, Bridge Church to Organize this Arkansas Prophetic Summit. So, I want to get these things in so you can start marking your calendar, and we can get this thing accomplished.

Duane Miller, have you joined us?

Duane: I'm here, brother!

Clay: Alright, good to have you on, we have Gwen Osborne on with us from Texarkana, and I am sure Harvey is there too...and then we also have Pastor Chad Duvall. Gwen, I'm going to ask you, open us in prayer now.

Gwen: Father! thank You for planting all of us in this land! This land that you breathed a destiny into, this land that you planted promises in, and treasure in! And we are honored and privileged to be Arkansans, and to help sift out the treasure, and to prepare the way for the Lord in Arkansas. Father, I ask tonight that as we speak, that we will speak the things that people need to hear. That out of our mouths will come revelation, that out of our mouth will come information, and out of our mouths will come direction for the State of Arkansas.

Clay: Gwen, you've opened with prayer, tell us a little about what you are seeing here, what exciting thing is the Holy Spirit doing across Arkansas that you are aware of?

Gwen: Well, I'll tell you what, Harv and I have just felt the mandate to just move across Arkansas, and meet the remnant, we are looking for the remnant. And see what is really happening in the State at a grassroots level. And it has just been an absolute joy! You know, I think I've said this on a phone call or in a meeting, where I have been praying about how to move forward in Arkansas, and the Lord just showed me all of these toes coming together, and this is where I am on it. And this

was six, eight months ago, where these toes were becoming attached to a foot, and I understood that as that happened the bigger pieces were going to be attached. And what we are seeing is exactly that, everywhere we go, these cities, I mean we see it in our own region, these people that have been here forever and ever and ever, and praying, and everybody doing their own thing.... finally, things are beginning to come together! Finally, the toes are hitting the foot. And we've seen that in the places in Arkansas that we've been to so far, that this is exactly the same thing that's happening. And when that gets done happening, the state will begin to connect at a greater level. Because this is the challenge for Arkansas, this unity. I think its one of the big, big challenges. Our state is one of the least unified in the nation. And there are reasons for that, its too much to get into right now, but God is doing a work and HE is doing it! So, we are just thrilled to see these pieces begin to connect together. So that's our story!

Clay: Amen, that's great!

Well, Duane, share ...I know you just got back from Israel, you are probably fighting a little bit of jet lag. So, what are you seeing? You've been working as well, a long time in the state of Arkansas. And what are you seeing? What are you expecting? What are you hearing?

Duane: Well, Clay, for the past decade, I have been keenly aware that Arkansas and Israel sit on the 33rd Parallel. And there is a massive, spiritual ley-line between the two nations. A lot of people don't realize that there are a number of cities in Arkansas that have adopted cities in Israel. And it became keenly aware to me over the past decade that Arkansas and Israel or Zion, we are mirroring each other, and whatever God is doing in Israel is happening here. And I have been involved in a different form and style of the prophetic in regard to this. And I was in Israel the last two weeks, and our first day there, the Holy Spirit took us

out into the Negev Desert to a place that I've never been before. And there is a spring in the desert. And the Holy Spirit was sweeping across our group in waves of Glory. I mean, I had one of my men in my church there, and he is eighty-plus years old, and he has been on the front line of the Spirit-filled move of God for a very long time, and he came to me with tears in his eyes, and said, "Pastor, I feel the waves of Glory just sweeping over me and over all of us." And the Holy Spirit fell on our group, and this is what God had me prophesy in that desert, and He said, to me, He said, "What you are releasing in Zion, I am also releasing in Arkansas." So, I'm just going to read it to you, it's Isaiah 43:18." Do not remember the former things or consider the things of old." Now He's talking about former spiritual things, and former successes, and former experiences in the Spirit. But He said, do not remember the former things or consider the things of old. "Behold, I will do a new thing, now it shall spring forth, shall you not consider it, Behold, I will make a road in the wilderness and rivers in the desert." The interesting thing was, the day before we got there, the desert had flooded! It had come a torrential rain. And literally driving out to this spring in the middle of the Negev Desert, there was water standing everywhere. And when we got to this spring, it was flowing like a river! And families.... it was a day that the children were out of school, and families had gathered in this stream in the desert.... and they were playing, and they were having fun, it was Mom and Dad and children, having family time. And the Holy Spirit said to me, and I prophesied this unto our group, that, in this season, though many have been in a famine and in a drought, and in a desert season, the rain that we were experiencing in Arkansas, the physical rain, is an indicator in the Spirit realm that God is creating rivers in the desert, and He's creating highways in the wilderness, and what we are about to see happen in Arkansas isa transfer of massive wealth that's going to come from many outside

sources, its also going to come from many people who are outside the Kingdom and who will be brought into the Kingdom and bring great wealth with them. I spoke to a pastor down in Lake Village, and I shared with him that one time that was the richest county in this state, and I said, wealth is coming back. And I truly believe, that because of the hard work, the labor, of this organization...of you, Clay Nash, of people like Chuck Pierce.....and all of the years of repentance and seeking God....what we're seeing...the Holy Spirit told me tonight as I was preparing for this meeting, and it was coming a flood in Little Rock...The Lord said to me, " This is a sign in the atmosphere that there's a shift of My Glory, bringing a torrential rain of My Presence, My wealth, My glory...(As our dear friend said) on the Remnant that's being raised up.) So, Arkansas' greatest hour is here; as goes Arkansas so goes America. Chuck Pierce prophesied that in 2011 in El Dorado when I was at a meeting, and we are leading the nation in regard to pro-life, in regard to the Presidential election, and in regard to...as you said today Clay, in regard to prodigals coming home. Um, we're just seeing this is Arkansas' moment, this is Arkansas' time. One of the things that I'll say, and I'll hush, one of the events that took place in the last decade....when I was pastoring in El Dorado, and now I'm at Little Rock...when I was there, we had a state representative who made all of us aware that in 1948, Arkansas was the only state in the entire nation that had a senator to vote against blessing Israel in her statehood. This state representative went before our state legislator and repented of that and got a letter, signed by our governor and it was hand-delivered to Prime Minister Netanyahu that Arkansas repented to Israel, and the next year, the state was \$100,000,000 in the black, and has been blessed ever since. So, we have made a major repentance, and there's been a major turn-around, and we are seeing great and glorious things in every area of the state.

Clay: Amen! You know, while we are on that subject, one of the senators, Jason Rapert, who is a friend of several of us, probably on here, he's being sued right now, even personally, by the atheist group. And I talked with him this afternoon, we had a great talk, and he's going to try to be there at the organizational meeting for the Prophetic Summit and be at the summit. But I want to pray for him right now. And Father we just lift up Jason Rapert, we thank you for everything that he is doing for the State of Arkansas, but more than that, for Your Glory. Lord, he is a man that is seeking to live out.... (the scripture) that if we lift You up, all men will be drawn unto You. And so, Father we lift up Senator Rapert and his family, and we lift up these lawsuits, and we even lift up the judge, who will oversee these lawsuits, who has a tendency to be liberal. And we ask that you move upon her heart, and You cause her to rule in favor of the Word of God, and rule in favor for the Kingdom. Father, we know that You can bring great conviction even to a heart that has compromise. And so, Father, we ask that you touch her. But we pray a protective hedge, of the Blood of Christ and the Word of God around Senator Rapert, and his family, his wife and daughters, and we just declare blessing. We declare that you are opening a window in heaven, and You're pouring out financial blessings that he needs to battle these legalities that are being brought against him unrighteously. So, Father, give his lawyers wisdom, give them insight, give them discernment. And Father give him providence. As he acts in obedience, cause the very providence of the Lord, to pave a way that this lawsuit be shut down, and that it be sealed and closed, once and for all. Now bless him now with peace, even now while they're in session in Arkansas, Father we just bless them, we bless our Representatives, we bless our Senators, and we declare they will just continue, even with this personhood bill, they are pushing forward another great decision was made today and another movement. We

thank You, Father that abortion is at an all-time low in the State of Arkansas already, and we just declare that every abortion clinic in the State of Arkansas will be shut down. And Father, we thank you for working in Senator Rapert's life in a mighty way and continuing to do so. Give us wisdom in our prayer for him, Father, cause the intercessors to rise up to another level, and to lift up this man of God, and all our representatives across the state that are standing strong for Biblical principles and Kingdom truths. And we ask You bless them, keep them, reward them, and provide for them in a very supernatural way, and we thank You for that now in Jesus' Name. Amen!

Well, it's good to have Pastor Chad Duvall of Bell's Assembly on the call, and as I said, I had the honor and privilege of being there, and experiencing what God is doing there, and so, Pastor Duvall, share with us what you all are seeing. I got a little touch—up of a report this weekend because We actually have received a kind of update because one of your congregation is actually a spiritual daughter to us and she came and visited this weekend, and so we heard a few things. So, let us know what's going on.

Pastor Chad: First off, let me say that I am sitting here having to fight my Holy Ghost tongue sitting here listening to the other two talk. Glory, that about got me in the Holy Ghost here, but.... We have actually been seeing an absolute move of the Spirit. When Gwen was talking a while ago about the rising of the remnant, we are witnessing that. We are seeing such unity in our area, interdenominational unity with other churches, and we are actually just seeing a hunger in people to move outside of the ordinary...to move into a place of absolute surrender to the Holy Ghost and let Him have His will. And in that, He is being faithful to reveal His Presence...and we are absolutely just seeing an outpouring of the Holy Ghost in ways that haven't been seen around here in a generation.

Clay: Wow! If you feel an unction, why don't you share about the man that got his hearing healed there, and I even told.... I think he's still having to wear earphones or whatever, because he got new eardrums! Share with everybody that's listening about that! I mean, that's a creative miracle that took place!

Pastor Duvall: Absolutely, absolutely. While you were there in the service with us, often times, just the glory sets down on us and that was one of those services, and while you were preaching, this gentleman, had been born and raised Catholic, and was non-practicing, and by his own testimony, believed in the rejuvenating power of the Spirit, but not the flesh. And had been losing his hearing for some time. Actually, had an appointment to see a specialist surgeon in Chicago, they were going to go in and try to do some things to his ocular bones to try to return his hearing. He was nearly completely deaf, would often try to sit on the front row, and just strain and try to turn toward you to hear you, and as you just walked by, he said he experienced a loud popping in his ears...and he was actually just sitting right in front of my wife and I, and I can remember him reaching up and grabbing his ears. And he put his hands up and put his hands down. And he said that instant, just.... nobody touched him, nobody prayed over him, just the power of the Holy Ghost, in the Presence of the King, restored his hearing! And still to this day he wears earplugs because of the music, because if the music plays too loud, its so sensitive to his ears, that he can't stand it! And we've seen those type of miracles just since the first of the year...just in the last little bit, at the first of the year, we had another lady....had been deaf since she was ten years old, had a double hearing aid to try to be able to hear, left her hearing aid at the altar...a lady in a wheelchair get up and walk off and leave her wheelchair sitting at the front of the church. So we are just seeing the glory of the Father being revealed, and its coming out of people that are hungry, that are rising

up, the remnant, that are being raised up...That says, You know what, there's power in the Name of Jesus, we've been missing something for too many years, and whatever the cost, we want everything the Holy Ghost has for us!

Clay: Amen! Amen!

Gwen: Hey, Chad? Tell them.... this is my favorite story.... I'm glad for all those healings and miracles, but when you get to the heart of the matter.... tell them that story about when you were trying to preach, a sermon, and you couldn't get to it!

Chad: Well, which time?

Gwen: I don't know! (unclear) Any of them!

Clay: Then tell us one of them!

Chad: I can tell you.... just recently, the Holy Ghost began to move, and I walked up and began to preach, and I had my notes laid out, and just absolutely the Holy Ghost sat down on me! And I could not even touch the sermon in any way, and just began to expound as the Holy Ghost lead me and just preached a whole sermon, just completely lead by the Holy Ghost! Almost like I was giving an extended prophecy or an interpretation of tongues.... we are seeing that type move of the Spirit, we had a Sunday night service just recently, and when my wife and I got home we sat down and talked about it. Not counting myself, that night, nine different people during the service, had either given a prophecy, a word of knowledge, a tongue and interpretation. Nine different people had handled the microphone.... Directly by the influence of the Holy Ghost, none of it was out of order, no one brought any attention to themselves, it was all attention to the Holy Ghost. The Spirit moved mightily, and people's lives were changed.... I got home and I asked my wife, how many people were on the stage tonight? At different times?

And we got to counting, and she said, "Nine different people." And it was older people.....we've got...we call them our young lions learning to roar! And our children's church is moving in the Spirit, our teenagers are driving the worship, we're seeing multi-generational, cross-cultural, move of the Spirit, and not just at our church, it is happening at other churches, in our local community area. Happy Valley up north of us is beginning to see some of these things. The Freewill Baptist Church downtown is beginning to experience some of these things. And we are beginning to see this fire beginning to spread because people are so hungry...for a move of something different than they've seen in a generation.

Clay: Pastor, how many first-time salvations have y'all had in the last year or so?

Chad: You know, I think when you were there you saw the cross they were having (unclear) and the Lord put on our hearts to reach a thousand souls in 2018, and we've kept up, and have a cross where all the numbers are on, and as of Sunday, we've had 196 salvations within the last 12 months.

Clay: Wow! Uh, that's powerful in itself!

Gwen: Well, you know, uh, you guys.... here is.... let me throw this in. What is REALLY incredible about this, is that this little church, is in a little tiny town, out in the middle of a pasture! Its not like this is a highly populated place or, (24.27) or... You know what makes it phenomenal to me, is the location of it. It's incredible.

Chad: I want to...you know, Gwen....to tag again on what you mentioned while ago, you know there is a book, "There is a River," By Debby Young. You know if I can bring that up at this moment...You know, I read this book this weekend, and it is full of prophecies about

things that have happened, and prophecies about Arkansas specifically for our area. And you know, as a Pastor, its so easy to want to get small-minded, me and mine, you know...This is happening in our congregation.... and I was convicted, as I was reading these books...of not becoming that prophet hiding in a cave, hearing the voice of the Father, and crying out, "But Father, its just me and mine!" And he reminded me, "I've got thousands of others, that are out there, that are seeking my Face...this is not the only Fire burning!" I'm hearing reports all over the place! There's a little, there are little fires burning, and I'm convinced, that we are about to see the moment where these little fires...here there and everywhere....they are going to meet in the middle, and we are going to see a bunch of small fires become a great big fire, and as goes Arkansas, so's going to go the nation! (26:11)

Gwen: You know, I have been.... Part of what I've done today is to read books I haven't had time to get to, and I read Debby's again. And I think it is interesting considering the Duane's scripture that he was talking about a river in the desert. The name of the book is, "There is a River." And it is all about what God is saying about the River Valley, and it extends basically, to Arkansas, and to the world. And I have a couple of prophecies, I'll have to find them, and I'd like to just kind of lay them out there. It's happening. And I also read this book called, "I Was There When It Happened." And it is about the beginning.... this is about, this is about Arkansas! It was about what happened in Russellville, back in around 1917. The Assemblies of God, which it was started in Hot Springs, had just begun, and the youngest person that was ordained when the AG came together in Hot Springs, was a 14-year-old girl named Dolly Drain. And as she began to preach all over. And she began to preach all over. And she went into Russellville with another team of evangelists, and she was fifteen at the time.and this is what these people did. (And the only report I have is from Arkansas, maybe this

was happening all over the nation), but I found it quite interesting... this is what these people did. They would take teams of people and go into cities, set up a tent and pray, and pray, and pray, and pray until revival fell. And Russellville.....she was from right outside of Russellville, about 40 miles outside of Russellville, can't remember the name of it right this minute.....but she was right outside of Russellville, and they preached to wherever she was from, and they went into Russellville, and prayed for three weeks, and on the third week, the Glory of God fell. And revival began. They stayed there for eight months....and before they left, they had five thousand people, but one report was that over eight thousand people came from all over Arkansas, to come to this revival that was happening in Russellville. And a lot of it was to see this little girl preach. You know, she was fifteen, and she was preaching, and you know they couldn't believe what they were hearing. But God used that draw, you know He uses unusual things to draw people to Him. And I believe...you know I was reading Debby's book and it was talking about Russellville being a seedbed, for the nation, a seedbed for the state. All of this revival that happened at Russellville, as far as I can tell this is the biggest revival that happened, during this big wave of revival that was going through the nation. And I believe its very significant.

Clay: Yes, yes. Well, I want to read a word that really plays into it, I mean, it just was spoken back its August. It says, "I'm shifting things under the Arkansas River, I'm starting an unusual whirlwind along the river, and I say it will rest in the Tulsa area, it will settle in Fort Smith. Little Rock will rise up in a new way. I say the plates are shifting, so get ready for an unusual shifting from my unusual whirlwind. I say, when the fire breaks out on the river, get ready, for you will know that the fire is rearranging the course of this land." And I know there's been some significant prayer in Tulsa, some significant prayer over in Fort Smith, and we are going to be doing some prayer at the Port in

Arkansas, coming up next week.... I say at the Port of Arkansas...in Little Rock. And there are things that are taking place.... that book that was mentioned, "The River," that you all have read.... I've read it as well. What was the name of the other book you mentioned, Gwen? (31:11)

Gwen: It is: "I Was There When It Happened." By Alice Palmer Hill. This other one that was written by Debby Young, "There is a River." You can get both of these on Amazon or on Kindle, whoever is interested in that, they are worth reading. It's pretty exciting, um...

Clay: Well, you know...one of the great outpourings...I haven't read the book you're mentioning, you know, "I Was There." But one of the great outpourings in Arkansas was just north of Russellville, at a place called Falling Water. And that was a real outpouring of Pentecost, I mean going way back into that time, so I'll be interested to read and see what town was mentioned...because there was a lady....I think I've told you, Gwen, came from Charles Parham's camp, and there was a bunch of Methodists up in that area. And they got filled with the Holy Ghost, and there was a real outbreak of the Holy Ghost back in the 1900's there. And I've been to Falling Water, and I was at Falling Water back in 1985, and I mean, it was, it was old-school. I'll tell you that the Presence of God was there, but it was sawdust, and the Presence of God was just incredible, in fact, in 1985 a prophetic word was fulfilled in 1931, there at Falling Water. And I was there that year when the Pastor repented and said that...you know I had marked that man that gave the Word in 1931 a false prophet, but I see the word he prophesied come to pass. So, there's exciting things going on in the State of Arkansas. Duane, talk to us a little bit, you know, you and I have got some meetings you know that God's put on our heart, called "Awaken Arkansas." And of course, we are going to be in Jonesborough, coming up March the 28th through the 30th, at the Hilton Garden Hotel. But tell us what you're seeing, I know that God's been birthing this thing about awakening Arkansas,

moving around, looking for the remnant, trying to rally the people that want to come together and begin the journey to become one through unity. Uh, fill us in on some things that you are feeling in your spirit. (32:44)

Duane: Well, Clay, as I said this journey for me started for well, as I said, this journey started in 1996, as a Southern Baptist, I went to Brownsville with some (unheard) baptized in the Holy Spirit and brought that back to El Dorado. At that time, one of my mentors, whose gone on to be with the Lord, a man who became a spiritual grandfather in my life was Dr. Marvin Gorman. And Dr. Gorman shared with me.... years and years ago, twenty years ago...1983. He sat down in his office in New Orleans and had an open vision. And in this open vision, he saw a fire begin to burn in South Arkansas. And he saw that fire move...from South Arkansas to Little Rock, up the Arkansas River, all the way from Fort Smith into Tulsa, over into Oklahoma, make its way down to the Dallas-Fort Worth area, and then circle back around through north Louisiana. This ring of fire...he asked the Holy Spirit what it was...and the Holy Spirit told him that it was a great, great outpouring, of the Holy Spirit, and a great Awakening for the nation, that would then spread to the world. And, I've been on a pursuit to see that fulfilled and pray into that for 20 years. And I was made aware...and I know you're aware of this, Clay...Here is the ancient well that we have all been reopening, everyone of us on this call, we've all been a part of this. In 1879, the first recorded baptism of the Holy Ghost with speaking in tongues, was a Southern Baptist preacher in Arkadelphia, Arkansas, named William Jethro Walthall. And I'll give you a real short version of this.... he led thirty-six Southern Baptist churches into receiving the baptism of the Holy Spirit. Well, they all got kicked out of the Southern Baptists, so he formed the Holiness Baptist Association, and in 1914, when Pentecostals from around the nation

gathered in Hot Springs. At first, they gathered and created a fellowship. They came from Azusa, Topeka, they came from the Tennessee, North Carolina border...and they created this fellowship of like-experience, and of course, this was not a denomination. And in 1917 they regathered, and of course the Assembly of God was born there in Hot Springs! But, thirty-six of those churches that became Assembly of God were actually Baptist churches. And the Holy Spirit told Dr. Gordon, He said, "In this outpouring of My Spirit in the last days, I'm especially going to pour My Spirit out on the Baptists." And Dr. Gordon said, 'Well, Lord, why the Baptists?' And He said, "Because they've been true to My word." And I'm telling you that.... I actually have friends there in the Freewill Baptist Church there in Atkins. My son and my daughter-in-law actually lived there a year, he was the coach there in the school system and now he's moved to Sheraton. But God is sweeping all denominations, all people, into this outpouring. This ancient well is now, being reopened. And as this thing is reopened and poured out in Arkansas....and that's the whole motivation, Clay, for you and I to do these meetings, not as if we need anything else to do...but to do these meetings in Jonesborough and Central Arkansas, and around the state, is to see God show up and reopen these wells, and reopen these portals that have been here. But they've been closed off, and we're just going in and led by the Spirit to reopen these things. And I really thing we are going to see major things happen like Pastor Duvall's experiencing there in the Atkins area. We're going to see that all over the state.

Clay: Yes, I believe that's part of Arkansas leading the states. And as goes Arkansas, so goes the Nation. I believe that is part of it and I see it so strong, uh, with it. And let me just mention, if you are listening out there get a pen, but coming up also we are going to be doing another awaken Arkansas. We've not yet settled the location, we're trying to do

it in Hot Springs, possible might have to move it to West Little Rock. But Dr. Ron Phillips is going to join us for that one, an incredible man of faith, an incredible man of God who is in relationship with Dr. Miller. And, I want to mention again, about the Arkansas Prophetic Summit, in case you weren't on in the beginning, but that's May the 31st, June the 1st, and we will have Jane Hammond, very good friend of ours, strong prophetic voice...and we will have Ann Tate who is also a strong prophetic voice will be there speaking at that. But we are also looking for the prophetic voices of Arkansas! We want you to come! We're going to make room! We want to hear from the Lord! We believe there are former words over Arkansas which have become idle, which have become pushed over to the side. And we believe, we don't believe, we know, as we prophecy new words, they're going to energize, and synergize, with the former words, and we're going to see, even this whole thing, like's going on at Bell's Assembly, and across the state, go to a whole other level. So, mark your calendars for that, its going to be an important time, its going to be a very significant time. It will be held at the 4-H Center in West Little Rock. The graphics will be ready by the middle of next week. We'll start getting it out. The facility we're holding it in will hold 6-7 hundred, we're sure we will fill it up. We'll get the information about registering out for that meeting. Incredible facility for that meeting, I actually held the first meeting I held in Arkansas there back on March the 6th and 7th of 2015 when Chuck prophesied several things that are now, Chuck Pierce, that is, that are now playing out in the State of Arkansas. So, these are important times, these are significant times for the state of Arkansas. There is a wealth release, that has been spoken about that is already coming. There is a new plant coming in, there are investments coming in, there is about to be an even greater release of gas and oil discovery in the State of Arkansas. All of these things are for those of you that are listening...add your

agreement to the things that we are sharing. Begin to hunger, right where you are at for it to come to your community, your town, your city. I don't believe its going to touch part of Arkansas, I believe it's going to touch all of Arkansas! You know, just a few years ago, 2015 we had the privilege of part of our team went to all of the county seats. Dwayne Hardwicke, who pastors up in Heber Springs, they went to every county seat...we have 70 counties, but we have about 85 county seats, and they held worship there, they did discoveries there, and they repented for things, they dealt with things across the state. And it was an incredible trigger, and tipping point for the State of Arkansas. And I want to get it put in a book, Dwain does too, so people can read this. And one of the things we want to come out in the Prophetic Summit, is that we want to put together a syllabus, of prophetic words, so that people can get it digitally, and load it up. And intercessors can get it and work these words on a whole other level and see the Word of God done in the State of Arkansas. (42:50) Chad, come in here and tell us something else you are seeing. I heard you mention something a while ago that what God is doing there with you all, its not just with you all, its touching other congregations there in your area. That is a sign of authentic revival, that's a sign of authentic awakening.

Chad: Yes, and I want to tag on to something there that Dwain was speaking, he was talking about how the moving of the Spirit started with the Southern Baptist organization, and how the AG was birthed out of that. And we have a mature lady, her name is Yvonne Wier at the church who is very prophetic. And she gave me a prophecy since the first of the year, and said, "Get ready, because those denominations that have rejected the Spirit, are about to begin to embrace the Spirit." And so that's just a confirmation of what Dwain was saying there a minute ago, a confirming prophecy for that. And she also told us to get ready for the ride of your life! I just believe...I'll just begin to give you an

example of that...you know, ministerial alliances historically are not the hotbed of spiritual movement, you know...they're all business and no spirit. But last year, in the ministerial alliance.... the Methodist, the Baptist, and the Assemblies of God, came together, and we had open discussions, can we get together and worship, can we each say, "Let's get together and have a night of worship. I won't be offended if you sit, and you won't be offended if I stand. Let's just get together and worship." And we began to do that and get all of our churches together. The first night there was about 250, and we had an absolute outpouring of the Holy Ghost that fell in the place! We had about 4 of those during the year. By the last one we had, the building that we were in, the First Freewill Baptist downtown.... Pastor Johnny McCoy, good friend of mine.... rented his building...It was packed to capacity standing room only. People from all over the city had rushed in because of the unity of one mind and one accord that put aside our minors, and major on the major of Jesus Christ, and worshipped him without offence against each other! It was one of the most phenomenal experiences. And we culminated that with a tent revival in October, where we saw an absolute outpouring of the Spirit, and the last night, we had teenagers being saved, people slain in the Spirit...and this is a cross-denominational meeting! Where we just allowed the Spirit of God to be the Spirit of God! And allowed Him to move! Its been a phenomenal experience to watch that in our community as we've decided to lay down our offense. And (unheard) Jesus together.

Clay: Wow! Yeah! Yeah! Well, you know I prophesied back in 2012 that those that would receive the eye-salve of the Lord would have 20/20 vision in the year 2020. That there was an outpouring coming upon traditional believers that would be unprecedented, even of the last charismatic movement. That God was going to fill people with the Spirit, and people that were hungering. And it was going to touch every

major denominational line. I prophesied that. And I hear that in what Dwain said, I hear that in what the lady prophesied to you, with it. And we are getting close to 2020 and we are already beginning to see some outpouring of this in a manner. But I believe we are going to see things that will rival the Jesus Movement, that will rival the...I believe its going to rival the Charismatic Outpouring where so many traditional believers became filled with the Spirit. But I believe this time it's going to have more to do with us being endued with power so that we can do the works of the Kingdom, the works of the ministry. One of y'all come in and speak into that what you're seeing and feeling. (47:45)

Gwen: Well, I'll tell you, in Texarkana, we are notorious for division. Because we've got a street right down the middle of our city and one half is on the Texas side and half of it's on the Arkansas side...you know, just imagine all of the challenges that we have. We are two states, two cities, two counties, oh my gosh! Jesus help us! And we've lived here for 15 years, and we have spent enormous amounts of time walking the city and praying! And so, have lots and lots of other people. But that unity thing, just has been so impossible. And in the last three months, our phone has been ringing off the hook, people have been popping out of the woodwork that we never even knew. And people have been coming together, in prayer, this weekend, we have to look at ourselves regionally, or we'll never get anywhere. But this weekend we had a workshop in Ashdown which is part of this region. It is the first thing that I have ever seen in this area, where people come together in all different entities, to spend the day together learning. And I was able to begin casting a vision for the region. And it was a miracle, um, just a miracle! And I'm so excited! I'm excited about Arkansas, but this has been hard going. And I just see God moving...incredible things happening down here right now. We can't even sleep, and we're

exhausted, but there's so much happening we just can't keep up with it. And it is thrilling!

Clay: Great! That is great!

Dwain: Clay, let me just say that I have a confession to make for someone who has been a student of the Bible for a long time. I only learned in the last few years a principle that revolutionized my whole approach. Ephesians 4:3...I was actually teaching the book of Ephesians.... And when I came to Ephesians 4:3, it says, "Endeavoring to keep the unity of the Spirit in the bond of Peace. And God gave me a revelation several years ago that God's people, even Spirit-filled men, we can NOT create unity! The only way unity's created is by the Holy Spirit. We keep the unity that is created BY His presence. And we can break that unity, and we can certainly quench and.... And I have spent most of my ministerial life trying to create unity, and that's not my job. It's the Holy Spirit's job to create unity, its my job to be one with my brother and sister in Christ. And to me there's a huge difference in that, and the difference is that which Chad is talking about. And the difference is that we can be diverse, and bring our differences, and yet come together in our identity in Christ...whether we are Baptist, Methodist, or whatever we are. And what they are seeing in Atkins, based on what he is saying, is that they have become one body. And when they come together as one body, the Holy Spirit produces the unity. And at the end of the day, I had to change my entire approach, and quit trying to create unity, and trying to help my brothers and sisters come together as one body, maintaining their own identity and diversity....and then the Presence of God falls, like that they are seeing there in Atkins. And that creates the unity. And so, for whatever that's worth, that's been something that I have learned in the last several years.

Clay: Very rich, very true! Well, if you are listening and adding your agreement out there, I know you're a person of prayer, continue to pray over the State of Arkansas, you know, continue to pray. One of the chapters that is over the State of Arkansas is also Is. 35, with that, and we need to press into these things, uphold these things that are going on around the state. And if you want to there is a website out there; asgoesarkansas.org. Harvey and Gwen have worked diligently, there's a lot more information we want to get out. There's also a Facebook page, "As Goes Arkansas," you can go there, we are trying to update it and let you know....next call will be the third Tuesday of next month, the third Tuesday of next month, which will also be the nineteenth, like it is tonight, the month of February and March are mirroring each other...but we'll be on at 8 o'clock, we don't know who'll be on the next one yet, but we'll be letting you know. There will be emails. If you are not on the email list you can go to the website, asgoesarkansas.org, and you can get added to the mail list about it. But please mark your calendar about some of these dates. If you're in the Jonesboro area, and want to join with Dr. Miller and I March the 28th through the 20th, Thursday through Saturday about noon. We are going to be there, and we'll be just releasing the Presence of God, the manifest Presence, and it's just going to be an incredible, time. Remember, May the 31st, June the 1st for the first of what will become an annual Prophetic Summit out at the 4-H Center. And remember May the 2nd through the 4th, and we'll get that location out just here in a few days. I'm also just going to be doing leadership training up at the land called the Ark, April the 20th. It's on a Saturday. We'll begin at ten o'clock and we will go to five that afternoon, and there will be a luncheon served. But you will have to register for that, because we will have limited space. The last time we did it we ended up with about 50 more people than we could really handle. So, we'll have to do that. But we'll be mailing out about it. But

what I want to do about it, is...Pastor Duvall, why don't you...I'd like for you, and then Dr. Miller, I'd like for you to close with prayer, and I want to make a special request there, Pastor Duvall, I'd like for you to pray out of that well in your area, not in your church, I believe it's in your area, I want you to pray out of that, and then, Dr. Miller, I want you to pray out of what you understand about that ley line and Arkansas' connection to Israel, and Israel's connection to Arkansas. Would y'all close us out tonight? Thank everyone that's out there listening! And to this call, thank you for adding your power of agreement to things we've shared here tonight, and we just declare, as goes Arkansas, so goes this nation! A great nation! And we declare that! So close us out in prayer.

Chad: Father in the Name of Jesus! I believe there is a River! I believe it flows right from the one side of this state right through across to the other side! Not just a river in the physical, but a river that proceeds out of the throne room, from below your throne in the Spirit-realm crossing across this State! Father, we have received Your call, as goes Arkansas, so goes the Nation. You have said, 'Where iniquity abounds, faith much must more! Lord if greater faith has to have a place to abound let it be in us! In this River that is flowing, Father, cause sons and daughters to rise up, heroes of faith in this generation, and step into the moving flow, of the rivers of this water that you are pouring out upon us, that Father, we will be a portal of a heartbeat from You to this nation! To rescue, recover, and restore this land back to righteousness, Father! Cause Your Fire, this Fire that's falling on us, to go from here, spreading out across this country, Father, in Jesus' Name!

Dwain: And Lord, as I witnessed Your glory on the land of Zion, and we saw the land flourishing with harvest.... everywhere we looked Lord, there was Harvest! There was the rain from heaven, there was the harvest of crops, and the land flowing with milk and honey. Truly the promise that you gave Abraham is manifesting in Zion as we speak. And

Lord, as one new man we have been grafted into that covenant promise. And in this land of Arkansas, God, we see the rain falling, and the harvest is promised by Your Word. And Lord, in the Name of Jesus, we release harvest upon this land! We release harvest of souls, and harvest that will glorify you, and bring your Kingdom demonstration to this land. I You that Arkansas is coming into her greatest moment, and the glory of God will fill this land, as the Glory has filled Zion, and we will not only lead the United States of America, but we will be on the frontline leading Israel to her place of jealousy so that she recognizes that Yeshua IS the Messiah! And Lord we thank You that this IS an end-time prophecy being fulfilled! And we are humbled, even broken to our core, that you would choose us! To play a small part in this mighty, massive, outpouring in this last day! And we give You the honor and the glory for it in Jesus' Name! AMEN AND AMEN!

Clay: Amen! Well, let me say one other thing. If you're a pastor out there....and I think its still time you can do this...the Arkansas Family Council, and brother Jerry Cox, are hosting Pastors at the State Capitol on the 28th. You can go to Arkansas Family Council to find out about it, you can register there, they're even going to put on a luncheon, and we are going to be able to meet with some of our governmental leaders, and we are going to have prayer there. I'm even going to be there a week from Thursday, and if you haven't done that and you are hearing us for the first time, check out the Arkansas Family Council, just google Jerry Cox, Family Council, it'll come up, and see if you can come and join us there, as we're there on the 28th. Thank you, Gwen! Thank you, Pastor Duvall! Thank you, Dr. Miller! For joining us tonight, and thank you, all the others, who took time out of your schedule to join us tonight! Its such a pleasure to be a part. such an honor!...of the great things that God is doing in the State of Arkansas.
